

# 2023 Fact Sheet

## Core Technologies

Dana combines these technologies together to form fully integrated systems for vehicles across all markets, regardless of the power source.

### Drive

Axles, e-Axles, e-Drives, propshafts/driveshafts, conventional and hybrid transmissions, wheel and track drives, and high-precision gears

### Electrodynamic

Motors, inverters, controls and software, chargers, electrified power cradle, battery management system, and fuel cell plates

### Sealing

Battery and inverter housing gaskets, cam covers, oil pan modules, engine gaskets and seals, transmission gaskets and seals, and transmission separator plates

### Motion

Winches, slew drives, gearboxes, hydraulics, valves, custom gears and drives, controls and software, and hub drives

### Thermal

Battery, motor, and electronics cooling; transmission and engine oil cooling; charge air cooling; active warm-up; thermal-acoustical protective shielding

### Digital

Active and passive system controls and descriptive and predictive analytics

## Dana at a Glance

**World Headquarters:** Maumee, Ohio, USA

**2022 Sales:** \$10.2 billion

**Employees:** 42,000

**History Dating To:** 1904

**Vision:** Powering Innovation To Move Our World

**Mission:** Driving stakeholder value by powering vehicles and machines around the world; shaping sustainable progress through invention and execution; and making the amazing happen wherever people live, work, and play. This mission is embodied in our company theme:

*People Finding A Better Way®*

### Values:

- Value Others
- Inspire Innovation
- Grow Responsibly
- Win Together

**Global Footprint:** One of the ways we create value is by locating our technical, manufacturing, and distribution resources wherever customers need us globally. Today, that's 31 countries on six continents.

## Business Units

### Light Vehicle Drive Systems

Dana is a leading supplier of fully integrated drivetrain and electrified propulsion systems for all passenger vehicles. Working collaboratively with original-equipment manufacturers and the aftermarket, we focus on delivering best-in-class efficiency, maximum durability, and superior ride and handling across the globe.

### Commercial Vehicle Drive and Motion Systems

Dana is an industry leader in the supply of traditional and electrified systems for medium- and heavy-duty commercial vehicles. We help original-equipment manufacturers and end-market customers achieve the best weight, performance, and efficiency, as well as the lowest cost of ownership, no matter the powertrain configuration.

### Off-Highway Drive and Motion Systems

Dana delivers mobile drivetrain and motion solutions for construction, agriculture, material handling, and mining equipment, as well as motion systems for a wide variety of mobile and stationary industrial applications. These customized solutions support vehicles and machines with both conventional and electrified power sources and are designed to deliver innovative technologies that meet customer demands and goals worldwide.

### Power Technologies

Dana provides advanced thermal-management and sealing solutions to all end markets in support of conventional, electrified, and fuel-cell platforms. Leveraging the most cutting-edge technology and manufacturing processes, we deliver custom-engineered solutions designed to optimize efficiency and performance.

## Global Customers

Dana receives numerous customer awards each year, highlighting our superior performance in product quality and customer satisfaction.

## Global Sales

### Sales by Segment

Light Vehicle	40%
Off-Highway	29%
Commercial Vehicle	20%
Power Technologies	11%

### Sales by End Market

Light Vehicle	50%
Off-Highway	30%
Commercial Vehicle	20%

### Sales by Region

North America	48%
Europe	30%
Asia Pacific	14%
South America	8%

### Sales by Customer

Ford	19%
Stellantis*	11%
Volkswagen	5%
Deere	4%
PACCAR	4%
Toyota	3%
General Motors	3%
Daimler	3%
Renault/Nissan	3%
CNH Industrial	2%
All other customers	43%

\* Includes sales to system integrators for driveline products that support Stellantis vehicles.
