Tube Yoke

Genuine Spicer® Driveshaft Components—there is no substitute.

When it comes to keeping your vehicle up and running, why take a risk with unproven knock-off replacement parts? Genuine Spicer® service parts are the same as the original equipment parts, adhering to rigid manufacturing specifications for performance and reliability. Unlike non-genuine parts, our wide range of Spicer® driveshafts provides less drivetrain vibration, improved balance and stiffness, and more lateral protection against environmental contaminants. It all adds up to longer life for your vehicle, maximum time on the road and minimum operating costs. Proving the best replacement part is always the original.

Demand the best . . . Demand genuine Spicer®!
