## Light Tactical

PROVEN  
DRIVELINE  
EXPERIENCE IN  
THIS SEGMENT  
FOR OVER  
85 YEARS

- Axles & Gearboxes
- eMotors & Power Electronics
- Propshafts
- Engine Gaskets
- Thermal Management

ESTABLISHED  
IN THE TRUCK,  
OFF-ROAD, AND  
HEAVY VEHICLE  
MARKETS

## Medium Tactical

- Axles & Gearboxes  
Steerable and Tandems
- eMotors & Power Electronics
- Propshafts & PTO
- Engine Gaskets
- Thermal Management
- CTIS

AFTER  
SALES SERVICE:  
GLOBAL  
AFTERMARKET  
SERVICE  
NETWORK

## Heavy Tactical

- Axles & Gearboxes  
Steerable, Tandems, and Tridems
- eMotors & Power Electronics
- Propshafts & PTO
- Engine Gaskets
- Thermal Management
- CTIS

### Steer Axles

Battle-proven steer axles engineered to meet rigorous durability standards deliver smooth steering and tight maneuverability under heavy payload.

- Portfolio of reliable, low-cost and lightweight non-drive steer axles
- Drive steer axles that leverage products from the light vehicle market

### Driveshafts

Hard-wearing heavy-duty and high-mobility driveshafts made to withstand temperature and terrain extremes demanded by deployed operations.

- Unrivalled global experience and footprint with industry-proven performance and reliability
- Wide product range, lighter-weight, interchangeable service-free u-joint kits delivering superior performance, and NVH reduction

### Drive Axles

High-strength militarized drive axles with extreme load-bearing capacity and superior off-road mobility to maintain tactical advantage.

- Reliable and high-efficiency off-the-shelf drive axles in single, tandem, and tridem configurations
- Housings, gear-sets and final assembly done in-house at Dana

## Dana e-Propulsion Systems

Complete In-House e-Propulsion Systems Capability

### ePropulsion

- eAxles
- eTransmissions  
(Multi & Single Speed)

### e-Motors

- High-voltage e-Motors
- Low-voltage e-Motors

### Power Electronics

- High-voltage inverters
- Low-voltage inverters
- Software and controls

### Thermal Management

- Battery cooling
- Battery enclosures
- Motor and electronics cooling

## Dana Central Tire Inflation Systems (CTIS)

Dana is a leader in the design and manufacture of highly efficient propulsion and energy-management solutions for all mobility markets across the globe.

- Sealed system for up to 1m water submersion
- Single air line wheel-valve design
- Allows for non-pressurized wheelend air seals
- Flexible software and calibration controls
- Diagnostic tool availability
- Medium- and Heavy-Duty Applications
